Gov. Hadley Has Already Inaugurated a Fight on Sale of Explosives.

Kansas City, Mo. March 24.—Governor Hadley plans to begin within a few days a state-wide fight for a sane observation of the Fourth of July. The police department here was notified today of the executive's determination to minimize accidents on the coming national holiday. He is having letters printed which will be forwarded to the police departments of all cities in the state, asking

that regulations for the sale and discharge of fireworks be made at once. These letters will be sent from Jefferson City this week. One reason for the governor's early inauguration of the fight is that he believes dealers will not purchase such large supplies of the dangerous explosives if they are notified that the sale of such fireworks will not be countenanced.

Figures compiled by the American Medical association, which are now in the hands of the governor, show that fifty people have been killed by fireworks in Missouri during the last of all cities in the state, asking seven years.

MOTHER AND BABE KILLED BY TRAIN

LITTLE TOT WAS TRYING TO SEE PAPA AND SISTERS WHO WERE ON PASSENGER.

SADDEST TRAGEDY IN HISTORY OF COUNTY

Mrs. J. R. Atchison Endeavors to Snatch Babe From Beneath Engine and Is Almost Instantly Killed.

This morning within the yard limits or near thereto, of Roff, Mrs. J. R. Atchison and her three year old daughter were instantly killed by the north bound Frisco passenger train. It is a story of an awful tragedy caused by the affection of a babe and the love of a mother who would give her life for her own.

Mr. Atchison and two daughters had boarded the train at the station and were en route to Ada.

The little daughter at home knowing that papa and sisters were on the train and coming by home, ran out to the track to see them pass. The child was on the track when seen by its mother, who ran to rescue the little one from an awful death. She was too late. The child was crushed beneath the great iron monster, but the mother, according to one report, endeavored to snatch her baby from beneath the moving train and was struck by parts of the engine which inflicted instant death. Reports vary as to the details and as to the manner in which the mother and babe met death; suffice to say, however, that it was a mother giving her life in an attempt to rescue her child from death.

Parties on the train say there was

SPECIAL ATTRACTIONS AT DESOTA

The press of the last 3 cities played by A. R. Ableman's Talking Picture Co., thus commented on their departure. "The people of Okmulgee rejoice that these talented people are to play us a return date." "The best and cleanest entertainment our opera house has presented this season" and "could have packed the theater a month longer. The show was better each night" This is indeed praise after a company has left town and this company will be seen and heard at the Desota theater next Monday, Tuesday and Wednesday in a select series of up to the minute Association talking, motion pictures. Do not get the impression that this is the so-called graphophone talking pictures which was always a failure as it is a company of first class ac

no signal before the incident and that the train was not moving faster than 10 miles an hour. Others state that the dust was blowing fearfully which may have been responsible for the engineer not seeing the child until it was too late. Besides being considerably mangled the child's neck was broken and Mrs. Atchison's skull was crushed.

Mr. and Mrs. Whitmore of this city were on the train and Mrs. Whitmore states that the father and two daughters were sitting near them and at the instant of the tragedy, they were peering from the window trying to get a glimpse of home and mother and little sister.

The incident delayed the train some time and passengers and friends removed the bodies to the home but a few yards away.

ELIGIBILITY TO OFFICE.

Legislators Seeking Certain Places Inquire as to Right When Pay Was Raised This Session.

Guthrie, Ok., March 26.—While a few members of the Second Legislature will retire to private life and leave the mad race for political popularity, the majority will be found in the next campaign, seeking the votes of the people for either state, county or national offices. Under the conditions created by the recent special session in enacting a new fee and salary bill, county officers in many counties of the state will appear particularly attractive, and a number of members have already announced.

However, a question has arisen, which the Attorney General has been called upon to determine, regarding the constitutional inhibition on the holding of offices by members of the legislature which created them or increased their emoluments.

Two members of the lower house, seeking the nomination of county attorney, have asked for an opinion as to their eligibility in view of the constitutional provision.

It is believed the attorney general will hold that the inhibition can not hold before a statute has been enacted by the legislature, in other words, before the constitutional scale of salaries was modified. The Utah courts have held, in view of a similar constitutional inhibition, that it does not apply to the first action of the legislature.

FOR COUNTY COMMISSIONER OUTSIDE OF ADA

The proper requisites of a good
county commissioner are essentially:
First, that he should be an honest
man, and next that he should be
possessed of a reasonable amount of
business ability. He is one of the
business managers of the public af-
fairs of the county, just as a hus-
band and father is the business man-
ager of the material affairs and gen-
eral requirements of the home. Fol-
lowing up such analogy, in view of
certain apparent undertakings of citi-
zens in certain communities to dic-
tate the election of a county com-
missioner, presumably for the pur-
pose of securing special representa-
tion, why should not such action be
likened to a father who would dis-
criminate in favoritism among the
members of his family.

The city of Ada should no more un-
dertake, through the advantage of
members or the connivance of ma-
nipulators or politicians seek to con-
trol the selection of any one of the
board of county commissioners, than
should the same class of people out-
side of Ada seek to control such se-
lection.

The News would really prefer to
see the next commissioner from the
East side come from the district out-
side of Ada, for the simple reason it
is assumed that the geographical lo-
cation of the democratic nominee
would effect in no wise his desire to
serve impartially all the people of
his district and since the honor pre-
viously went to an Ada man, turn

about among the various precincts
would be no less than fair play.

But is it properly democratic for
citizens of Francis, Allen and other
precincts, supposedly regardless of
party fealty to club together for the
purpose of dictating absolutely the
democratic nominee for commissioner
on the East side in which many other
democratic precincts are interest-
ed, besides East Ada, the latter rep-
resenting alone a democratic polling
strength of more than four hundred
and a taxable wealth of more than a
million dollars?

A good citizen of Allen, relating to
the writer the occurrence and action
of the Francis and Allen mass meet-
ing Monday night at Francis, con-
cluded "the meeting finally adjourned
without reaching any agreement
or endorsing any candidate, for since
the meeting occurred at Francis, Al-
len was at a disadvantage in num-
bers and our candidate would have
probably been largely out voted by
the Francis crowd; therefore, it was
agreed to meet in Ada the following
Monday night, March 28th, for the
purpose of agreeing on a candidate
outside of Ada." Mr. Hudson stated
that it was the decision of the Francis
meeting that it would be best to
meet in Ada, a city, that would have
no interest in the selection of the
East side commissioner.

While of course, it would be im-
pudent for any one of the several hun-
dred Ada citizen voters and taxpay-
ers who reside and are interested in
the East side commissioner's dis-
trict to exercise any active interest
in the Francis-Allen et al. mass meet-
ing to be held in this city Monday
night, curiosity might impel several
to be interested lookers-on.

ALL FROM MISGOVERNMENT.

Recently a dispatch from Chicago
told of a "back to the soil" move-
ment during the past year that is
worthy of more than passing consid-
eration. It related that from the city
of Chicago and the state of Illinois
250,000 persons had left the cities to
take up life in the great northwest-
ern country, taking with them \$22,
500,000, and furthermore stating that

100,000 of these shifters had gone to
western Canada.

Most of these people, it may well
be presumed, were impelled to seek
a different field of endeavor because
of the tremendous pressure resulting
from the recent enormous increase
in the cost of living, which is most
seriously felt in the cities. Few of
these "movers" are to be classed
with the ne-er-do-wells, but they be-
came alarmed at the trend in time to
avoid the ultimate disaster that con-
fronted them if they remained amid
conditions that promised to con-
stantly grow worse instead of bet-
ter.

The hegira to the Canadian north-
west is most remarkable, embracing
as it does 100,000 people, taking with
them nearly ten million dollars. These
are going to the "last frontier"
of America, being attracted by of-
fers of, in some instances, free homes
and in others very inexpensive farm
lands.

The cities of other northern states
are being similarly reduced in popu-
lation, particularly Ohio, Indiana,
Iowa and Nebraska, and it may be
estimated that in the last five years
fully 3,000,000 people have migrat-
ed to Canada and have taken mil-
lions of American dollars with them.

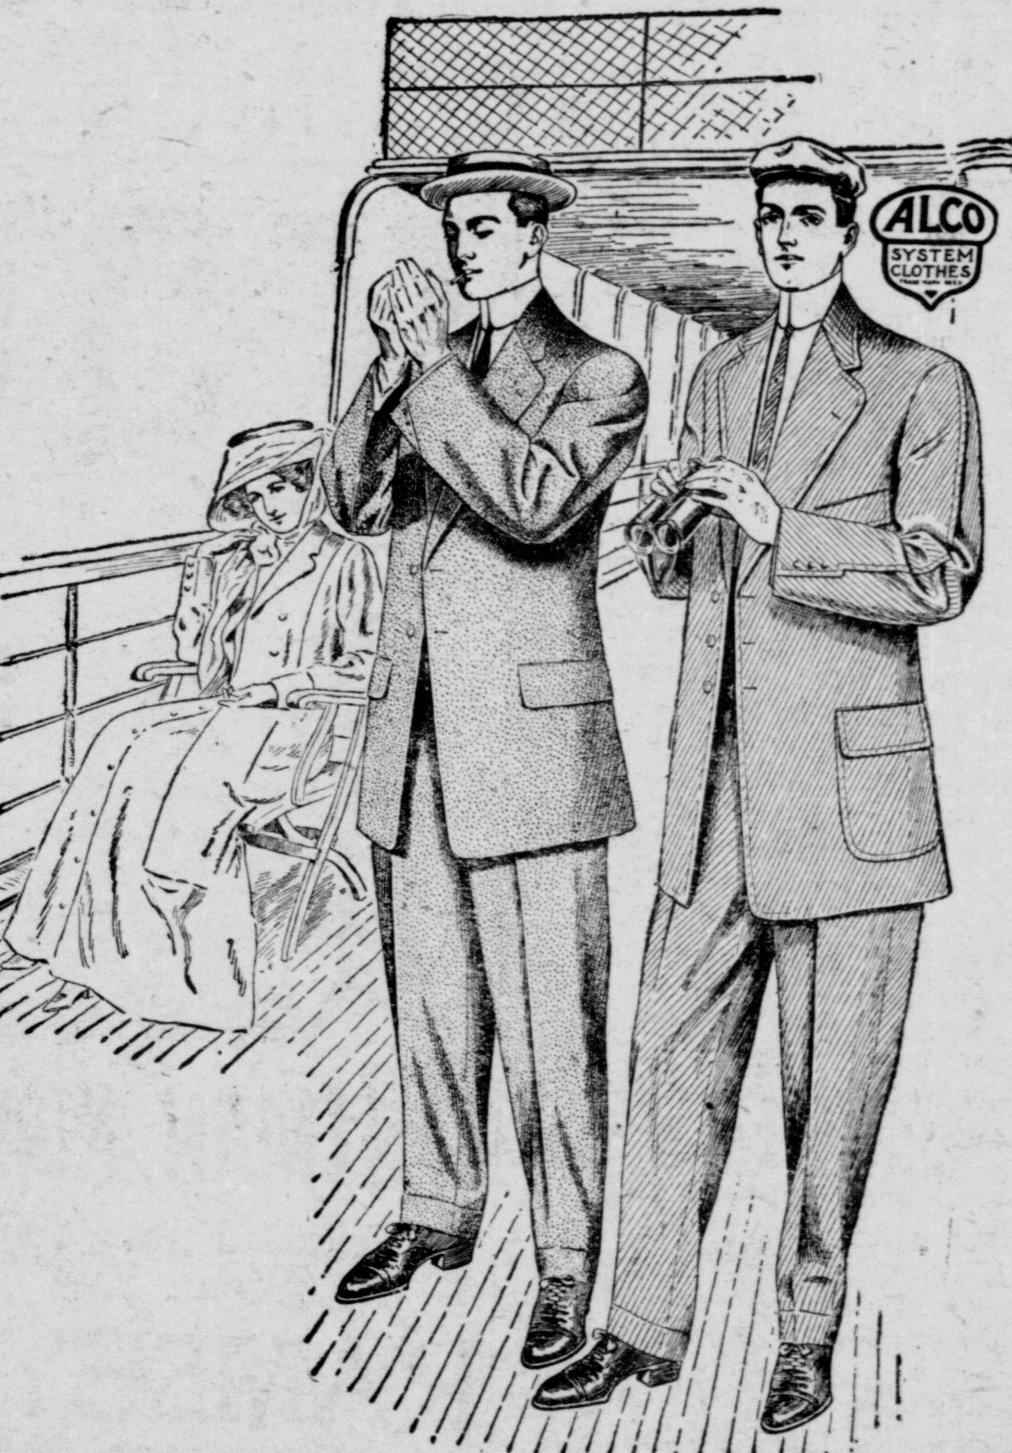

Back of it all is the discontent re-
sulting from misgovernment.

The News feels complimented that
the first ground broke on the new
mile paving contract was in front
of the News office this morning.

A little rain about now would be
about the right thing.

The Grand Leader

JUDGE O. T. SMITH ANNOUNCES FOR ATTORNEY GENERAL

The candidacy of Orville T. Smith,
of Guthrie, for the nomination of At-
torney General of this state, brings
to those who have observed the trend
of affairs since statehood reminder
of the very important trust he has
held with his credit to the state, that
of attorney to Governor Haskell. Mr.
Smith has been the adviser to the
chief executive at a period when pos-
sibly more legal problems were pre-
sented for opinion than will likely
occur in thrice that time in the fu-
ture history of the state, because of
the union of two territories which
had been ruled so differently and the
additional fact that the lands of the
Indian country were in a measure
still held by department control of
the federal authorities. During these
years the private counsellor must be
ready with his opinion to the gover-
nor, and the fact that Mr. Smith has
not yet advised the state authori-
ties in a matter but what the courts
sustained, proves the merits of the
aspirant for nomination for attorney
general beyond argument.

Mr. Smith personally is a man of
few words, a student of law and a
man of agreeable habits. His atten-
tion to whatever duties may be his
are matters of frequent comment by
those who have had occasion to be
at the capitol. In the practice of his
profession, he is a man of strong
power of presenting his case and he
has demonstrated that he knows the
important precedents and court de-
cisions by three years' of correct ad-
vice regarding the state government,
some of the cases being of vast finan-
cial importance.

During the sessions Mr. Smith's
services were always free to legisla-
tive members. Many of them soon
discovered this quiet unassuming at-
torney so worded his phrases as to
comply with legal requirements, and
for this reason he has been called up-
on to assist or advise in the prepar-
ation of practically all of the im-
portant legislation enacted since
statehood. Mr. Smith assisted in the
preparation of the new revenue bills
which were passed as administration
measures by the extra session of the
legislature just adjourned, and it
was his quiet assurance to many of
the members that the new system for
the taxation of railroads would be
sustained in the courts that carried
it through.

In other ways has Mr. Smith dis-
played signal ability, but perhaps in
no other more than in the fifty
or more county seat elections and
county division contests that have
taken place within the state. Contest-
ing delegations, many of them from
each county, have gone to the gov-
ernor's office where Mr. Smith, in
his advisory capacity, met them and
discussed the situation. And there
has never been a single delegation
that left the governor's office that
would not say that it got an honest
hearing, a fair deal, and capable
and technical advice.

In his candidacy for the position
of attorney general Mr. Smith asks
for the place solely upon his merits,
and upon his record as attorney to
the governor. He believes that he
can render good service to the peo-
ple of Oklahoma and his work in
his present position adds to the
strength of his statement. He is 44
years of age and seven of those were
spent in Guthrie where he has been
an active and aggressive democrat,
much of the time when democracy in
that section spelled predestined de-
feat.

Without preference expressed as to
the candidacies between democrats,
it can be stated without reservation
that Mr. Smith is competent to fill
the high place to which he aspires,
both as to ability and integrity.—Adv.

16 BURNED TO DEATH IN WINDY CITY FIRE

EMPLOYEES OF CHICAGO FIRM ARE TRAPPED IN SEETHING MASS OF FLAMES.

In Filling Cigar Lighters Explosion Occurs—Others Still Missing.

Chicago, March 25.—Search of the
wreckage for the remaining bodies
of those who lost their lives in the
Fish Furniture company fire here to-
day, was discontinued from danger
of tottering walls, but not until
twelve dead had been recovered and
eleven of these identified.

While earlier estimates placed the
number of victims trapped on the
fourth and fifth floors of the build-
ing as being twenty, later and more
thorough investigation indicates there
were but sixteen. Two of these es-
caped with their lives, but two more
are to be accounted for.

Walls Dangerous.

The search was abandoned for the
day on the report of Chief Building
Inspector Short, who declared that
three of the walls were in a dan-
gerous condition.

A coroner's jury which was im-
paneled this afternoon, viewed the
bodies at the morgue, but the in-
quest was postponed until April 2.

Lee Stoeckel, a clerk of the Fish
company, who is said to have started
the fire, told his story to Fire Attor-
ney Frank Hogan this afternoon. Al-
though Stoeckel, who is but 20 years
of age, is admittedly more fortunate
than culpable, Attorney Hogan says
he will bring some charge against
the young man to insure his attend-
ance at the inquest.

How the Fire Started.

Stoeckel was brought before the
fire attorney, with his hand, which
had been burned, swathed in band-
ages. He appeared heart-broken and
told his story with difficulty.

"About 8:45 o'clock this morning,"
Stoeckel said, "Mr. Mitchell" who is
a member of the firm, gave me three
pocket cigar lighters and told me to
go to the fourth floor and fill them
with benzine. I had filled two of the
lighters out of the five gallon can
and was working on the third when
there was an explosion.

"A sheet of flame almost blinded
me. I did not fully regain my senses
until I had reached the street. The
lighters contained a contrivance to
make a spark, but whether I ignited
one of them or not, I don't know. I
either dropped the can of benzine
when the flame shot up in front of
me, or it was blown out of my hands.

Those Known Dead.

Following is a list of the identi-
fied dead: Darlington, Harry, aged 40,
painter; Anderson, Ethel, aged 18,
stenographer; Bell, miner W., adver-
tising manager; Murcke, Rosie, aged
17, stenographer; Burden, Mrs. Han-
nah, aged 30, widow foreman folding

department; Sullivan, Lillian, aged
16; folder; Green, William, aged
24, clerk; Lichtenstein, Ethel, age 18,
stenographer; Mitchell, Harry M., au-
ditor of the company, member of
firm, brother-in-law of Simon Fish;
McGrath, V., age 18, stenographer;
Quinn, Gertrude, age 20, folder.

The missing, Wargo, Mary, age 20,
folder; St. Clair, Bert, age 23, con-
fidential clerk. Three others whose
names could not be learned, are al-
so reported among the missing.

Sweetheart Found Dead.

One of the bodies was identified by
Florence Sullivan as that of her sis-
ter Lillian. She said she recognized a
shoe taken from one of the bod-
ies which had been worn by her
sister, Florence, who is 19 years
of age and a switchboard operator,
might easily have shared her sister's
fate. She was to have gone to work
for the Fish company at noon, tak-
ing the place of another girl.

Alexander Bush, a street car con-
ductor, identified one of the bodies
as that of Rosie Brunke, whom he
was to have married on Easter Sun-
day. He recognized her through the
engagement ring.

An investigation is to be made as
to the fire escapes on the Fish build-
ing. A subordinate official of the fire
department tonight made public a let-
ter he had written last August to the
fire chief. In it he gave a list of
buildings, among them the Fish
structure, which he said were in need
of fire escapes. Referring to the
Fish building, he said it is "heavily
loaded with inflammable material." The
fire department asserts this let-
ter was forwarded to the building
department, but no record of it was
found in the latter place.

SPECIAL ATTRACTIONS AT DESOTA

The press of the last 3 cities played by A. R. Ableman's Talking Picture Co., thus commented on their departure. "The people of Okmulgee rejoice that these talented people are to play us a return date." "The best and cleanest entertainment our opera house has presented this season" and "could have packed the theater a month longer. The show was better each night" This is indeed praise after a company has left town and this company will be seen and heard at the Desota theater next Monday, Tuesday and Wednesday in a select series of up to the minute Association talking, motion pictures. Do not get the impression that this is the so-called graphophone talking pictures which was always a failure, as it is a company of first class actors who talk the pictures behind the screen. It is a guaranteed attraction and will beyond doubt receive liberal patronage, particularly as there is no advance in prices.

THE BOYS ARE INTERESTED.

Several Corn Clubs Have Been Organized With Others to Follow.

Reports from various parts of the county say that the boys have organized corn clubs and will compete for the splendid prizes to be distributed this fall.

County Superintendent of Public Schools Pierce has been notified of the organization of clubs at Fitzhugh, Ahloso and Maxwell. Others will be reported a little later. Prof. Pierce received a shipment of seed corn yesterday from the agricultural experimental station to be distributed among the members of the clubs; and the instructions for growing will be of material assistance in bringing about the best results. It appears that the country is now bordering upon a corn age, when a stalk will be made to bear two ears where one formerly grew.

Every possible aid should be extended the boys in their efforts to make better farmers than their parents.

Famous Missionary.

Miss Ellen Stone, the famous missionary will lecture at the Methodist church Thursday, March 31. Miss Stone's fame is world-wide, she being the missionary who was captured some years ago, by the Turks and held captive in Macedonia for six months until the United States paid a large ransom for her freedom. She will tell her own story. It will be a great privilege to hear this grand woman. If it is possible for her to arrive in time, a reception will be given her at the Methodist church parlors, they being the most spacious quarters in which to accommodate the large number of people who will take advantage of this opportunity to meet her.

The people of Ada will no doubt entertain her as royally and be as enthusiastic in regard to her coming as Oklahoma City and Dallas where she has recently lectured.

STREET PAVING.

Active Work Was Begun This Morning.

Active work was begun on the street paving contract this morning. The first ground broken was in Townsend Avenue and from there the men and teams were transferred to Broadway. It is the intention of the contractors to have fifty or more men engaged on the work next week. The work is to be pushed as rapidly as possible to completion, and the citizens of Ada will hail with delight the day when the work is done.

McQUEEN & SON, BLACKSMITHS, ARE PREPARED TO DO HORSE CLIPPING.

C. D. Ebey in City.

Mr. C. D. Ebey, capitalist and railroad builder with family were in Ada a few hours this morning in the interests of his investments. He left on the north bound Frisco for Denver where he is largely interested.

Appreciation.

I sincerely desire to express my gratitude to the many friends who were so thoughtful and kind to my father in his last illness and to our family in our bereavement.

Ada Social Events

One of the prettiest parties of the season was one given Tuesday evening by the 500 ladies, to their husbands.

The pretty Tobin home was artistically decorated for the occasion, and after a late hour a delicious two course luncheon was served to Messrs. and Mesdames Will Mays, Geo. Kice, Barney, I. M. King, Austin, Drummond, LeFevre, Frierson, Tobin, Rodarmel, Misses Epperson, Mason, Downs, of Louisville, Ky., Peques, of Longview, Tex.; Messrs. Epperson, Beck, M. M. Bailey, of Paris, Tex., Ed Haraway, Evans; Mesdames Hart and Higgins.

Mrs. R. E. Blanks was hostess to the Silver Thimble Club last Tuesday. While the ladies were busy with their work, Mrs. Meyer entertained them by reading to them a beautiful story. Mrs. Blanks served refreshments and the occasion was a very pleasant one to the guests. The next meeting will be with Mrs. Sears.

The Mothers' Club on East side are doing some splendid work which will be of much benefit, comfort and pleasure to the children who are in that school. They have adopted the plan of using individual cups for the children, and last week they planted 100 trees on the school grounds.

The Kill Kare Klub were beautiful.

KHEDIVE'S CAMEL CORPS USED
IN ROOSEVELT'S TRIP
ACROSS SANDS.

GREAT DAY OF SPECTACLES

Former President Evinces Great Interest in Methods of Ancients.

Cairo, Egypt, March 25.—Up with the sun today, after a restless night in the Mena House, Col. Roosevelt and his party were early astir in preparing for a visit to the necropolis of Sak Kara, where are the wonderful tombs of various kings, of Thut and of the Apis bulls. The portion of last night was spent in viewing the sphinx by moonlight, and Col. Roosevelt said today it was the most interesting thing he had seen during his trip to Africa.

Tonight Col. Roosevelt and his family returned to Cairo, dined with the American consul general, Lewis M. Iddings, and later attended a banquet tendered him by Sir Eldon Gorst the British agent, and consul general in Egypt.

Take Camel Ride.

Major F. K. Watson, pacha, aide-de camp to the Khedive, was an early caller at the Mena House, today. He tendered to Col. Roosevelt the use of the khedive's special camel corps for the eight-mile ride across the desert to Sak Kara. Such a tender always is a special mark of favor. The colonel and Kermitt each rode one of the animals over the dreary waste to the necropolis, but Mrs. Roosevelt and Miss Ethel chose a more comfortable sand-cart.

Arriving at the tombs of the bulls of Apis, the oldest of which dates back 1500 B. C. the time of the reign of Ameneophis III, the sightseers were met by an archaeologist, who acted as their guide. With lighted candles the Americans entered the dark caverns and looked with interest upon the huge sarcophagi. Col. Roosevelt evinced great curiosity in the methods used by the ancient Egyptians and plied the Egyptologist with questions. One sarcophagus was opened and lighted candles were lowered into it in order to show how the mammoth bulls were lowered into their final resting places.

Joined by Strauss.

The party proceeded to the temples of the tomb of Thut, a phlebian who lived in the Fifth dynasty, but who was so esteemed that he was permitted to marry a princess. Here Col. Roosevelt and his family were joined by Oscar S. Strauss, the American ambassador to Turkey, and Mrs. Strauss, Mr. Iddings and Miss Iddings.

On the walls of the tomb of Thut are various sculptures and paintings, which, though they were executed some 2500 B. C. still are legible. Col. Roosevelt with his usual keen perception, pointed out to the archaeologist the pictures of various animals he had seen lately in the jungle but which are extinct in upper Egypt. He declared the fact that they were reproduced in the tomb of Thut was proof that the animals once had roamed this country.

Moving Picture Men There.

From the temple Col. Roosevelt and his party repaired to the home of the archaeologist, where they stopped for refreshments. Between the temple and the archaeologist's home, Mr. Roosevelt insisted on walking ahead of his party, the members of which had a hard struggle to keep up with the pace. The privacy of the movements of the Americans was invaded during their tour by a moving picture man who focussed his machine upon them and rolled off yard after yard of films.

Colonel Roosevelt dominates the thoughts of all Cairo. Everyone is watching his movements and his sayings are of intense interest.

The hotels here never before were so crowded. Among the arrivals today were Prince Eitel Frederick, son of the German emperor, and Wu Ting Fang, former Chinese minister to the United States, who is on the way home. Mr. Wu hopes to see Col. Roosevelt before he departs.

Americans are everywhere to be seen in Cairo. Three hundred of them who are on tour today sent an address of welcome to Colonel Roosevelt congratulating him on his safe return to civilization. Colonel Roosevelt will hold a reception tomorrow morning for the Americans and thank them for their kind expressions.

Just a Word to The Front Row

If every man and woman would begin now to use Newbro's Herpicide and teach the children to use it, the front row of the next generation would not be bald headed, and none of the ladies would be wearing

Falling hair means trouble. The dandruff germ is there and will in a short time ruin the best head of hair that ever grew.

Too many people, finding they need a hair remedy, allow themselves to be duped into buying and using something said to be just as good or very much like Newbro's Herpicide.

Why do it? Such a remedy is but an imitation, a substitute. Herpicide is the original dandruff germ destroyer. Insist on having genuine Herpicide and take nothing else.

Newbro's Herpicide Saves The Hair

The results from the very beginning are often astonishing. The hair will cease to fall and instead of being dull and dead, takes on the sparkle and luxuriance of true hair beauty.

Herpicide possesses a delicate fragrance which appeals strongly to persons of taste and refinement.

The Herpicide Co., Dept. L., Detroit, Mich., will send a nice sample and booklet to any address upon receipt of ten cents in stamps or silver.

One dollar bottles are sold and guaranteed by all druggists. Applications may be had at the better barber shops and hair dressers.

PLACES BAN ON FOURTH.

Gov. Hadley Has Already Inaugurated a Fight on Sale of Explosives.

Kansas City, Mo., March 24.—Governor Hadley plans to begin within a few days a state-wide fight for a sane observation of the Fourth of July. The police department here was notified today of the executive's determination to minimize accidents on the coming national holiday. He is having letters printed which will be forwarded to the police departments of all cities in the state, asking

that regulations for the sale and discharge of fireworks be made at once. These letters will be sent from Jefferson City this week. One reason for the governor's early inauguration of the fight is that he believes dealers will not purchase such large supplies of the dangerous explosives if they are notified that the sale of such fireworks will not be countenanced.

Figures compiled by the American Medical association, which are now in the hands of the governor, show that fifty people have been killed by fireworks in Missouri during the last of all cities in the state, asking seven years.

MOTHER AND BABE KILLED BY TRAIN

LITTLE TOT WAS TRYING TO SEE PAPA AND SISTERS, WHO WERE ON PASSENGER.

SADDEST TRAGEDY IN HISTORY OF COUNTY

Mrs. J. R. Atchison Endeavors to Snatch Babe From Beneath Engine and Is Almost Instantly Killed.

This morning within the yard limits of near thereto, of Roff, Mrs. J. R. Atchison and her three year old daughter were instantly killed by the north bound Frisco passenger train. It is a story of an awful tragedy caused by the affection of a babe and the love of a mother who would give her life for her own.

Mr. Atchison and two daughters had boarded the train at the station and were en route to Ada.

The little daughter at home knowing that papa and sisters were on the train and coming by home, ran out to the track to see them pass. The child was on the track when seen by its mother, who ran to rescue the little one from an awful death. She was too late. The child was crushed beneath the great iron monster, but the mother, according to one report, endeavored to snatch her baby from beneath the moving train and was struck by parts of the engine which inflicted instant death. Reports vary as to the details and as to the manner in which the mother and babe met death; suffice to say, however, that it was a mother giving her life in an attempt to rescue her child from death.

Parties on the train say there was

no signal before the incident and that the train was not moving faster than 10 miles an hour. Others state that the dust was blowing fearfully which may have been responsible for the engineer not seeing the child until it was too late. Besides being considerably mangled the child's neck was broken and Mrs. Atchison's skull was crushed.

Mr. and Mrs. Whitmore of this city were on the train and Mrs. Whitmore states that the father and two daughters were sitting near them and at the instant of the tragedy, they were peering from the window trying to get a glimpse of home and mother and little sister.

The incident delayed the train some time and passengers and friends removed the bodies to the home but a few yards away.

ELIGIBILITY TO OFFICE.

Legislators Seeking Certain Places Inquire as to Right When Pay Was Raised This Session.

Guthrie, Ok., March 26.—While a few members of the Second Legislature will retire to private life and leave the mad race for political popularity, the majority will be found in the next campaign, seeking the votes of the people for either state, county or national offices. Under the conditions created by the recent special session in enacting a new fee and salary bill, county officers in many counties of the state will appear particularly attractive, and a number of members have already announced.

However, a question has arisen, which the Attorney General has been called upon to determine, regarding the constitutional inhibition on the holding of offices by members of the legislature which created them or increased their emoluments.

Two members of the lower house, seeking the nomination of county attorney, have asked for an opinion as to their eligibility in view of the constitutional provision.

It is believed the attorney general will hold that the inhibition can not hold before a statute has been enacted by the legislature, in other words, before the constitutional scale of salaries was modified. The Utah courts have held, in view of a similar constitutional inhibition, that it does not apply to the first action of the legislature.

FOR COUNTY COMMISSIONER OUTSIDE OF ADA

The proper requisites of a good
county commissioner are essentially
First, that he should be an honest
man and next that he should be
possessed of a reasonable amount of
business ability. He is one of the
business managers of the public af-
fairs of the county just as a hus-
band and father is the business man-
ager of the material affairs and gen-
eral requirements of the home. Fol-
lowing up such analogy in view of
certain apparent undertakings of citi-
zens in certain communities to dic-
tate the election of a county com-
missioner, presumably for the pur-
pose of securing special representa-
tion why should not such action be
likened to a father who would dis-
criminate in favoritism among the
members of his family
The city of Ada should no more un-
dertake through the advantage of
members or the connivance of ma-
nipulators or politicians seek to con-
trol the selection of any one of the
board of county commissioners than
should the same class of people out-
side of Ada seek to control such se-
lection
The News would really prefer to
see the next commissioner from the
East side come from the district out-
side of Ada for the simple reason it
is assumed that the geographical lo-
cation of the democratic nominee
would effect in no wise his desire to
serve impartially all the people of
his district and since the honor pre-
viously went to an Ada man, turn

about among the various precincts
would be no less than fair play
But is it properly democratic for
citizens of Francis, Allen and other
precincts, supposedly regardless of
party fealty to club together for the
purpose of dictating absolutely the
democratic nominee for commissioner
on the East side in which many other
democratic precincts are interest-
ed, besides East Ada, the latter rep-
resenting alone a democratic polling
strength of more than four hundred
and a taxable wealth of more than a
million dollars?

A good citizen of Allen, relating to
the writer the occurrence and action
of the Francis and Allen mass meet-
ing Monday night at Francis, con-
cluded "the meeting finally adjourned
without reaching any agreement or
endorsing any candidate, for since
the meeting occurred at Francis, Al-
len was at a disadvantage in num-
bers and our candidate would have
probably been largely out voted by
the Francis crowd, therefore, it was
agreed to meet in Ada the following
Monday night, March 28th, for the
purpose of agreeing on a candidate
outside of Ada." Mr. Hudson stated
that it was the decision of the Fran-
cis meeting that it would be best to
meet in Ada, a city, that would have
no interest in the selection of the
East side commissioner

While of course, it would be im-
pudent for any one of the several hun-
dred Ada citizen voters and taxpay-
ers who reside and are interested
in the East side commissioner's dis-
trict to exercise any active interest
in the Francis-Allen et al mass meet-
ing to be held in this city Monday
night, curiosity might impel sever-
al to be interested lookers-on

ALL FROM MISGOVERNMENT.

Recently a dispatch from Chicago
told of a "back to the soil" move-
ment during the past year that is
worthy of more than passing consid-
eration. It related that from the city
of Chicago and the state of Illinois
250,000 persons had left the cities to
take up life in the great northwest-
ern country, taking with them \$22,-
500,000, and furthermore stating that

100,000 of these shifters had gone to
western Canada
Most of these people, it may well
be presumed, were impelled to seek
a different field of endeavor because
of the tremendous pressure resulting
from the recent enormous increase
in the cost of living, which is most
seriously felt in the cities. Few of
these "movers" are to be classed
with the ne-er-do-wells, but they be-
came alarmed at the trend in time to
avoid the ultimate disaster that con-
fronted them if they remained amid
conditions that promised to con-
stantly grow worse instead of bet-
ter

The hegira to the Canadian north-
west is most remarkable, embracing
as it does 100,000 people, taking with
them nearly ten million dollars. These
are going to the "last frontier"
of America, being attracted by of-
fers of, in some instances, free homes
and in others very inexpensive farm
lands

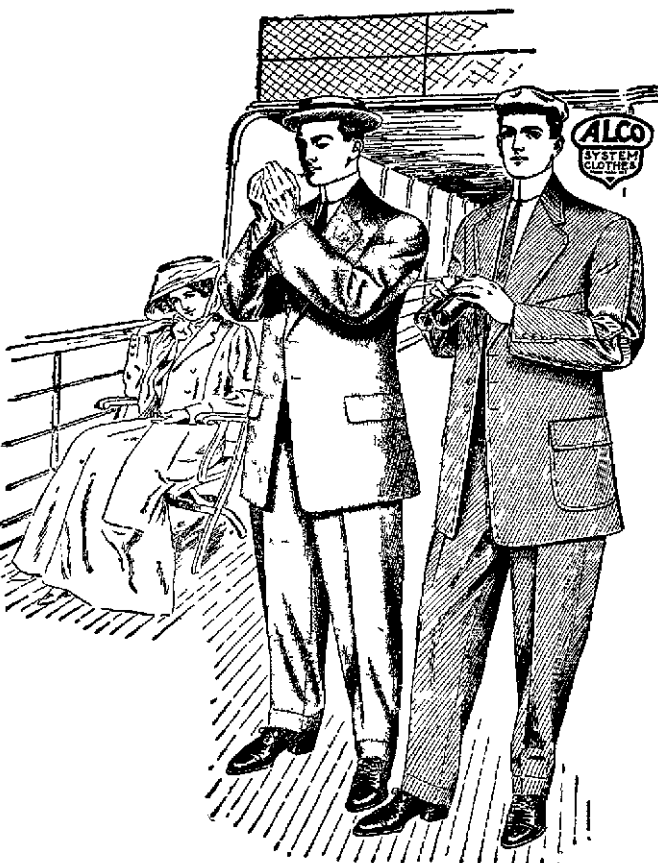

The cities of other northern states
are being similarly reduced in popu-
lation, particularly Ohio, Indiana,
Iowa and Nebraska, and it may be
estimated that in the last five years
fully 3,000,000 people have migrat-
ed to Canada and have taken mil-
lions of American dollars with them.
Back of it all is the discontent re-
sulting from misgovernment

The News feels complimented that
the first ground broke on the new
mile paving contract was in front
of the News office this morning

JUDGE O. T. SMITH ANNOUNCES FOR ATTORNEY GENERAL

The candidacy of Orville T. Smith,
of Guthrie, for the nomination of At-
torney General of this state, brings
to those who have observed the trend
of affairs since statehood reminder
of the very important trust he has
held with his credit to the state, that
of attorney to Governor Haskell. Mr.
Smith has been the adviser to the
chief executive at a period when pos-
sibly more legal problems were pre-
sented for opinion than will likely
occur in thrice that time in the fu-
ture history of the state, because of
the union of two territories which
had been ruled so differently and the
additional fact that the lands of the
Indian country were in a measure
still held by department control of
the federal authorities. During these
years the private counsellor must be
ready with his opinion to the gover-
nor, and the fact that Mr. Smith has
not yet advised the state authori-
ties in a matter but what the courts
sustained, proves the merits of the
aspirant for nomination for attorney
general beyond argument.

Mr. Smith personally is a man of
few words, a student of law and a
man of agreeable habits. His atten-
tion to whatever duties may be his
are matters of frequent comment by
those who have had occasion to be
at the capital in the practice of his
profession, he is a man of strong
power of presenting his case and he
has demonstrated that he knows the
important precedents and court de-
cisions by three years' of correct ad-
vice regarding the state government
some of the cases being of vast finan-
cial importance

During the sessions Mr. Smith's
services were always free to legisla-
tive members. Many of them soon
discovered this quiet unassuming at-
torney so worded his phrases as to
comply with legal requirements, and
for this reason he has been called up-
on to assist or advise in the prepara-
tion of practically all of the im-
portant legislation enacted since
statehood. Mr. Smith assisted in the
preparation of the new revenue bills
which were passed as administration
measures by the extra session of the
legislature just adjourned and it
was his quiet assurance to many of
the members that the new system for
the taxation of railroads would be
sustained in the courts that carried
it through

In other ways has Mr. Smith dis-
played signal ability but perhaps in
no other more than in the fifty
or more county seat elections and
county division contests that have
taken place within the state. Contest-
ing delegations many of them from
each county have gone to the gov-
ernor's office where Mr. Smith in
his advisory capacity met them and
discussed the situation. And there
has never been a single delegation
that left the governor's office that
would not say that it got an hon-
est hearing a fair deal and capable
and technical advice

In his candidacy for the position
of attorney general Mr. Smith asks
for the place solely upon his merits
and upon his record as attorney to
the governor. He believes that he
can render good service to the peo-
ple of Oklahoma and his work in
his present position adds to the
strength of his statement. He is 44
years of age and seven of those were
spent in Guthrie where he has been
an active and aggressive democrat
much of the time when democracy in
that section spelled predestined de-
feat

Without preference expressed as to
the candidacies between democrats
it can be stated without reservation
that Mr. Smith is competent to fill
the high place to which he aspires
both as to ability and integrity—Adv

16 BURNED TO DEATH IN WINDY CITY FIRE

EMPLOYEES OF CHICAGO FIRM ARE TRAPPED IN SEETHING MASS OF FLAMES.

In Filling Clear Lighters Explosion Occurs—Others Still Missing.

Chicago March 25.—Search of the
wreckage for the remaining bodies
of those who lost their lives in the
Fibb Furniture company fire here to-
day, was discontinued from danger
of tottering walls, but not until
twelve dead had been recovered and
eleven of these identified

While earlier estimates placed the
number of victims trapped on the
fourth and fifth floors of the build-
ing as being twenty, later and more
thorough investigation indicates there
were but sixteen. Two of these es-
caped with their lives, but two more
are to be accounted for

Walls Dangerous.

The search was abandoned for the
day on the report of Chief Building
Inspector Short, who declared that
three of the walls were in a dan-
gerous condition

A coroner's jury which was im-
pannelled this afternoon, viewed the
bodies at the morgue, but the in-
quest was postponed until April 2

Lee Stoessel, a clerk of the Fibb
company, who is said to have started
the fire, told his story to Fire At-
torney Frank Hogan this afternoon.
Although Stoessel who is but 20 years
of age, is admittedly more fortunate
than culpable Attorney Hogan says
he will bring some charge against
the young man to insure his attend-
ance at the inquest

How the Fire Started.

Stoessel was brought before the
fire attorney with his hand which
had been burned, swathed in band-
ages. He appeared heart-broken and
told his story with difficulty

About 8:45 o'clock this morning,
Stoessel said, "Mr. Mitchell" who is
a member of the firm, gave me three
pocket cigar lighters and told me to
go to the fourth floor and fill them
with benzine. I had filled two of the
lighters out of the five gallon can
and was working on the third when
there was an explosion

A sheet of flame almost blinded
me. I did not fully regain my senses
until I had reached the street. The
lighters contained a contrivance to
make a spark but whether I ignited
one of them or not I don't know. I
either dropped the can of benzine
when the flame shot up in front of
me or it was blown out of my hands

Sweetheart Found Dead.

One of the bodies was identified by
Florence Sullivan as that of her sis-
ter Lillian. She said she recognized
a shoe taken from one of the bod-
ies which had been worn by her
sister, Florence, who is 18 years
of age and a switchboard operator.
She was to have "gone to work"
for the Fibb company at noon, tak-
ing the place of another girl

Alexander Bush, a street car con-
ductor, identified one of the bodies
as that of Rosie Brunke, whom he
was to have married on Easter Sun-
day. He recognized her through the
engagement ring

An investigation is to be made as
to the fire escapes on the Fibb build-
ing. A subordinate official of the fire
department tonight made public a let-
ter he had written last August to the
fire chief in it he gave a list of
buildings, among them the Fibb
structure, which he said were in need
of fire escapes. Referring to the
Fibb building, he said it is "heavily
loaded with inflammable material."
The fire department asserts this let-
ter was forwarded to the building
department, but no record of it was
found in the latter place

SPECIAL ATTRACTIONS AT DESOTA

The press of the last 3 cities played by A. R. Aoleman's Talking Picture Co., thus commented on their departure. The people of Okmulgee rejoice that these talented people are to play us a return date. The best and cleanest entertainment our opera house has presented this season and could have packed the theater a month longer. The show was better each night. This is indeed praise after a company has left town and this company will be seen and heard at the Desota theater next Monday Tuesday and Wednesday in a select series of up to the minute Association talking motion pictures. Do not get the impression that this is the so-called graphophone talking pictures which was always a failure as it is a company of first class actors who talk the pictures behind the screen. It is a guaranteed attraction and will beyond doubt receive liberal patronage, particularly as there is no advance in prices.

THE BOYS ARE INTERESTED.

Several Corn Clubs Have Been Organized With Others to Follow.

Reports from various parts of the county say that the boys have organized corn clubs and will compete for the splendid prizes to be distributed this fall.

County Superintendent of Public Schools Pierce has been notified of the organization of clubs at Fitzhugh, Ahloso and Maxwell. Others will be reported a little later. Prof. Pierce received a shipment of seed corn yesterday from the agricultural experimental station to be distributed among the members of the clubs, and the instructions for growing will be of material assistance in bringing about the best results. It appears that the country is now bordering upon a corn age, when a stalk will be made to bear two ears where one formerly grew.

Every possible aid should be extended the boys in their efforts to make better farmers than their parents.

Famous Missionary.

Miss Ellen Stone, the famous missionary will lecture at the Methodist church Thursday, March 31. Miss Stone's fame is world-wide, she being the missionary who was captured some years ago, by the Turks and held captive in Macedonia for six months until the United States paid a large ransom for her freedom. She will tell her own story. It will be a great privilege to hear this grand woman. If it is possible for her to arrive in time, a reception will be given her at the Methodist church parlors, they being the most spacious quarters in which to accommodate the large number of people who will take advantage of this opportunity to meet her. The people of Ada will no doubt entertain her as royally and be as enthusiastic in regard to her coming as Oklahoma City and Dallas where she has recently lectured.

STREET PAVING.

One of the prettiest parties of the season was one given Tuesday evening by the 500 ladies, to their husbands.

The pretty Tobin home was artistically decorated for the occasion, and after a late hour a delicious two course luncheon was served to Messrs. and Mesdames Will Mays, Geo. Kice, Barney, I. M. King, Austin, Drummond, LeFevre, Frierson, Tobin, Rodarmel, Misses Epperson, Mason, Downs, of Louisville, Ky., Peques, of Longview, Tex., Messrs. Epperson, Beck, M. M. Bailey, of Paris, Tex., Ed Haraway Evans, Mesdames Hart and Higgins.

Mrs. R. E. Blanks was hostess to the Silver Thimble Club last Tuesday. While the ladies were busy with their work, Mrs. Meyer entertained them by reading to them a beautiful story. Mrs. Blanks served refreshments and the occasion was a very pleasant one to the guests. The next meeting will be with Mrs. Sears.

The Mothers Club on East side are doing some splendid work which will be of much benefit comfort and pleasure to the children who are in that school. They have adopted the plan of using individual cups for the children and last week they planted 100 trees on the school grounds.

The Kill Kare Klub were beautiful.

by entertained Thursday by Mrs. A. M. Croxton. The Easter effect was prettily carried out in refreshments and tally cards. The guests to the club were Mesdames Sledge, Deekman, Chaney, Hart, Barney, Benton, Bolen, Beard and Wall and Miss Torbett.

KING'S CAMEL CORPS USED

GREAT DAY OF SPECTACLES

Former President Ethel's Great Interest in Methods of
Ancients.

Cairo, Egypt, March 25.—Up with the sun today, after a restful night in the Mena House, Col. Roosevelt and his party were early astir, in preparing for a visit to the necropolis of Sak Kara, where are the wonderful tombs of various kings, of Thut and of the Apis bulls. The portion of last night was spent in viewing the sphinx by moonlight, and Col. Roosevelt said today it was the most interesting thing he had seen during his trip to Africa.

Tonight Col. Roosevelt and his family returned to Cairo, dined with the American consul general, Lewis M. Haddins, and later attended a banquet tendered him by Sir Eldon Gorst the British agent, and consul general in Egypt.

Take Camel Ride.
Major F. K. Watson, pacha, aide-de camp to the Khedive, was an early caller at the Mena House today. He tendered to Col. Roosevelt the use of the Khedive's special camel corps for the eight-mile ride across the desert to Sak Kara. Such a tender always is a special mark of favor. The colonel and Kermit each rode one of the animals over the dreary waste to the necropolis, but Mrs. Roosevelt and Miss Ethel chose a more comfortable sand-cart.

Arriving at the tombs of the bulls of Apis, the oldest of which dates back 1500 B. C. the time of the reign of Amenophis III, the sightseers were met by an archaeologist, who acted as their guide. With lighted candles the Americans entered the dark caverns and looked with interest upon the huge sarcophagi. Col. Roosevelt evinced great curiosity in the methods used by the ancient Egyptians and piled the Egyptologist with questions. One sarcophagus was opened and lighted candles were lowered into it in order to show how the mammoth bulls were lowered into their final resting places.

Joined by Strauss.
The party proceeded to the temples of the tomb of Thut, a pharaoh who lived in the Fifth dynasty, but who was so esteemed that he was permitted to marry a princess. Here Col. Roosevelt and his family were joined by Oscar S. Strauss, the American ambassador to Turkey, and Mrs. Strauss, Mr. Haddins and Miss Haddins.

On the walls of the tomb of Thut are various sculptures and paintings, which, though they were executed some 3500 B. C., still are legible. Col. Roosevelt, with his usual keen perception, pointed out to the archaeologist the pictures of various animals he had seen lately in the jungle but which are extinct in upper Egypt. He declared the fact that they were reproduced in the tomb of Thut was proof that the animals once had roamed this country.

Moving Picture Men There.
From the temple Col. Roosevelt and his party repaired to the home of the archaeologist, where they stopped for refreshments. Between the temple and the archaeologist's home, Mr. Roosevelt insisted on walking ahead of his party, the members of which had a hard struggle to keep up with the pace. The privacy of the movements of the Americans was invaded during their tour by a moving picture man who focused his machine upon them and rolled off yard after yard of films.

Colonel Roosevelt dominates the thoughts of all Cairo. Everyone is watching his movements and his sayings are of intense interest. The hotels here never before were so crowded. Among the arrivals today were Prince Etzel Frederick, son of the German emperor, and Wu Ting Fang, former Chinese minister to the United States, who is on the way home. Mr. Wu hopes to see Col. Roosevelt before he departs. Americans are everywhere to be seen in Cairo. Three hundred of them who are on tour today sent an address of welcome to Colonel Roosevelt congratulating him on his safe return to civilization. Colonel Roosevelt will hold a reception tomorrow morning for the Americans and thank them for their kind expressions.

The woman's household cares,
Are too great a strain on the kidneys.
Backache, headache, sidache,
Kidney troubles, urinary troubles follow.
An Ada citizen tells you how to cure them all.
E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend

Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."

Just a Word to The Front Row

If every man and woman would begin now to use Newbro's Herpicide and teach the children to use it, the front row of the next generation would not be bald headed, and none of the ladies would be wearing falling hair.

Falling hair means trouble. The dandruff germ is there, and will in a short time ruin the best head of hair. So many people, finding they need a hair remedy, allow themselves to be duped into buying and using something said to be just as good or very much like Newbro's Herpicide. Why do it? Such a remedy is but an imitation, a substitute. Herpicide is the original dandruff germ destroyer. Insist on having genuine Herpicide and take nothing else.

Newbro's Herpicide Saves The Hair

The results from the very beginning are often astonishing. The hair will cease to fall and instead of being dull and dead, takes on the sparkle and luxuriance of true hair beauty.
Herpicide possesses a delicate fragrance which appeals strongly to persons of taste and refinement.
The Herpicide Co., Dept. L., Detroit, Mich., will send a nice sample and booklet to any address upon receipt of ten cents in stamps or silver.
One dollar bottles are sold and guaranteed by all druggists. Applications may be had at the better barber shops and hair dressers.

PLACES BAN ON FOURTH.

Gov. Hadley Has Already Inaugurated a Fight on Sale of Explosives.

Kansas City, Mo. March 24.—Governor Hadley plans to begin within a few days a state-wide fight for a sane observation of the Fourth of July. The police department here was notified today of the executive's determination to minimize accidents on the coming national holiday. He is having letters printed which will be forwarded to the police departments of all cities in the state, asking

that regulations for the sale and discharge of fireworks be made at once. These letters will be sent from Jefferson City this week. One reason for the governor's early inauguration of the fight is that he believes dealers will not purchase such large supplies of the dangerous explosives if they are notified that the sale of such fireworks will not be countenanced.

Figures compiled by the American Medical association, which are now in the hands of the governor, show that fifty people have been killed by fireworks in Missouri during the last seven years.

MOTHER AND BABE KILLED BY TRAIN

LITTLE TOT WAS TRYING TO SEE PAPA AND SISTERS WHO WERE ON PASSENGER.

SADDEST TRAGEDY IN HISTORY OF COUNTY

Mrs. J. R. Atchison Endeavors to Snatch Babe From Beneath Engine and Is Almost Instantly Killed.

This morning within the yard limits of near thereto, of Roll, Mrs. J. R. Atchison and her three year old daughter were instantly killed by the north bound Frisco passenger train. It is a story of an awful tragedy caused by the affection of a babe and the love of a mother who would give her life for her own.

Mr. Atchison and two daughters had boarded the train at the station and were en route to Ada.

The little daughter at home knowing that papa and sisters were on the train and coming by home, ran out to the track to see them pass. The child was on the track when seen by its mother, who ran to rescue the little one from an awful death. She was too late. The child was crushed beneath the great iron monster, but the mother, according to one report, endeavored to snatch her baby from beneath the moving train and was struck by parts of the engine which inflicted instant death. Reports vary as to the details, and as to the manner in which the mother and babe met death; suffice to say, however, that it was a mother giving her life in an attempt to rescue her child from death.

Parties on the train say there was

no signal before the incident and that the train was not moving faster than 10 miles an hour. Others state that the dust was blowing fearfully which may have been responsible for the engineer not seeing the child until it was too late. Besides being considerably mangled the child's neck was broken and Mrs. Atchison's skull was crushed.

Mr. and Mrs. Whitmore of this city were on the train and Mrs. Whitmore states that the father and two daughters were sitting near them and at the instant of the tragedy, they were peering from the window trying to get a glimpse of home and mother and little sister.

The incident delayed the train some time and passengers and friends removed the bodies to the home but a few yards away.

ELIGIBILITY TO OFFICE.

Legislators Seeking Certain Places Inquire as to Right When Pay Was Raised This Session.

Guthrie, Ok., March 26.—While a few members of the Second Legislature will retire to private life and leave the mad race for political popularity, the majority will be found in the next campaign, seeking the votes of the people for either state, county or national offices. Under the conditions created by the recent special session in enacting a new fee and salary bill, county officers in many counties of the state will appear particularly attractive, and a number of members have already announced.

However, a question has arisen, which the Attorney General has been called upon to determine, regarding the constitutional inhibition on the holding of offices by members of the legislature which created them or increased their emoluments.

Two members of the lower house, seeking the nomination of county attorney, have asked for an opinion as to their eligibility in view of the constitutional provision.

It is believed the attorney general will hold that the inhibition can not hold before a statute has been enacted by the legislature, in other words, before the constitutional scale of salaries was modified. The Utah courts have held, in view of a similar constitutional inhibition, that it does not apply to the first action of the legislature.

FOR COUNTY COMMISSIONER OUTSIDE OF ADA

The proper requisites of a good county commissioner are essentially First, that he should be an honest man and next that he should be possessed of a reasonable amount of business ability. He is one of the business managers of the public affairs of the county just as a husband and father is the business manager of the material affairs and general requirements of the home. Following up such analogy in view of certain apparent undertakings of citizens in certain communities to dictate the election of a county commissioner presumably for the purpose of securing special representation why should not such action be likened to a father who would discriminate in favoritism among the members of his family.

The city of Ada should no more undertake through the advantage of members or the connivance of manipulators or politicians seek to control the selection of any one of the board of county commissioners than should the same class of people outside of Ada seek to control such selection.

The News would really prefer to see the next commissioner from the East side come from the district outside of Ada for the simple reason it is assumed that the geographical location of the democratic nominee would effect in no wise his desire to serve impartially all the people of his district and since the honor previously went to an Ada man, turn

about among the various precincts would be no less than fair play.

But is it properly democratic for citizens of Francis, Allen and other precincts, supposedly regardless of party fealty to club together for the purpose of dictating absolutely the democratic nominee for commissioner on the East side in which many other democratic precincts are interested, besides East Ada, the latter representing alone a democratic polling strength of more than four hundred and a taxable wealth of more than a million dollars?

A good citizen of Allen, relating to the writer the occurrence and action of the Francis and Allen mass meeting Monday night at Francis, concluded "the meeting finally adjourned without reaching any agreement or endorsing any candidate, for since the meeting occurred at Francis, Allen was at a disadvantage in numbers and our candidate would have probably been largely out voted by the Francis crowd, therefore, it was agreed to meet in Ada the following Monday night, March 28th, for the purpose of agreeing on a candidate outside of Ada." Mr. Hudson stated that it was the decision of the Francis meeting that it would be best to meet in Ada, a city, that would have no interest in the selection of the East side commissioner.

While of course, it would be impudent for any one of the several hundred Ada citizen voters and taxpayers who reside and are interested in the East side commissioner's district to exercise any active interest in the Francis-Allen et al mass meeting to be held in this city Monday night, curiosity might impel several to be interested lookers-on.

ALL FROM MISGOVERNMENT.

Recently a dispatch from Chicago told of a 'back to the soil' movement during the past year that is worthy of more than passing consideration. It related that from the city of Chicago and the state of Illinois 250,000 persons had left the cities to take up life in the great northwest country, taking with them \$22,500,000, and furthermore stating that

100,000 of these shifters had gone to western Canada.

Most of these people, it may well be presumed, were impelled to seek a different field of endeavor because of the tremendous pressure resulting from the recent enormous increase in the cost of living, which is most seriously felt in the cities. Few of these 'movers' are to be classed with the ne-er-do-wells, but they became alarmed at the trend in time to avoid the ultimate disaster that confronted them if they remained amid conditions that promised to constantly grow worse instead of better.

The hegira to the Canadian northwest is most remarkable, embracing as it does 100,000 people, taking with them nearly ten million dollars. These are going to the "last frontier" of America, being attracted by offers of, in some instances, free homes and in others very inexpensive farm lands.

The cities of other northern states are being similarly reduced in population, particularly Ohio, Indiana, Iowa and Nebraska, and it may be estimated that in the last five years fully 3,000,000 people have migrated to Canada and have taken millions of American dollars with them.

Back of it all is the discontent resulting from misgovernment.

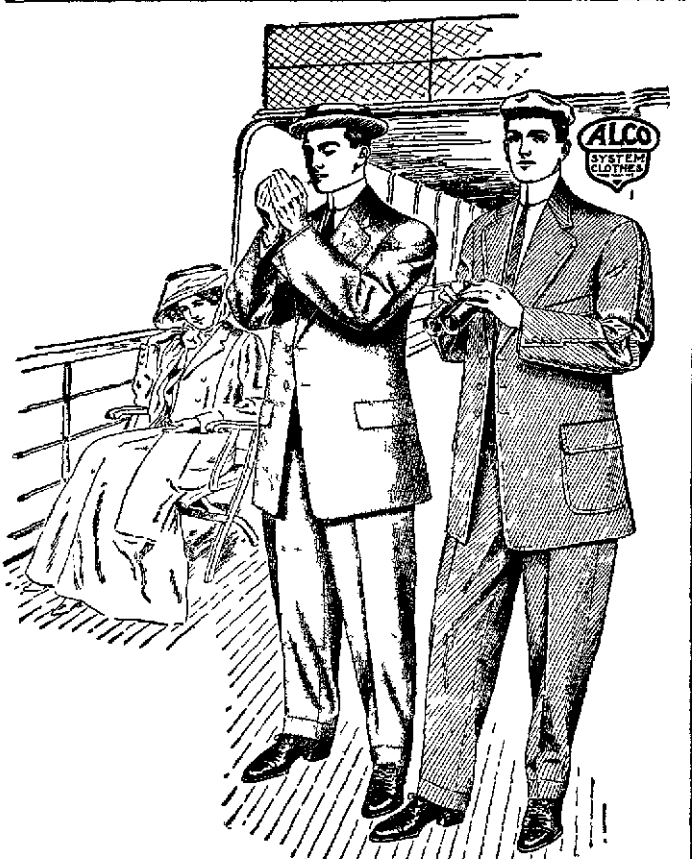

The News feels complimented that the first ground broke on the new mile paving contract was in front of the News office this morning.

A little rain about now would be about the right thing.

JUDGE O. T. SMITH ANNOUNCES FOR ATTORNEY GENERAL

The candidacy of Orville T. Smith, of Guthrie, for the nomination of Attorney General of this state, brings to those who have observed the trend of affairs since statehood reminder of the very important trust he has held with his credit to the state, that of attorney to Governor Haskell. Mr. Smith has been the adviser to the chief executive at a period when possibly more legal problems were presented for opinion than will likely occur in three times that time in the future history of the state, because of the union of two territories which had been ruled so differently and the additional fact that the lands of the Indian country were in a measure still held by department control of the federal authorities. During these years the private counsellor must be ready with his opinion to the governor, and the fact that Mr. Smith has not yet advised the state authorities in a matter but what the courts sustained, proves the merits of the aspirant for nomination for attorney general beyond argument.

Mr. Smith personally is a man of few words, a student of law and a man of agreeable habits. His attention to whatever duties may be his are matters of frequent comment by those who have had occasion to be at the capitol in the practice of his profession, he is a man of strong power of presenting his case and he has demonstrated that he knows the important precedents and court decisions by three years' of correct advice regarding the state government some of the cases being of vast financial importance.

During the sessions Mr. Smith's services were always free to legislative members. Many of them soon discovered this quiet unassuming attorney so worded his phrases as to comply with legal requirements, and for this reason he has been called upon to assist or advise in the preparation of practically all of the important legislation enacted since statehood. Mr. Smith assisted in the preparation of the new revenue bills which were passed as administration measures by the extra session of the legislature just adjourned and it was his quiet assurance to many of the members that the new system for the taxation of railroads would be sustained in the courts that carried it through.

In other ways has Mr. Smith displayed signal ability but perhaps in no other more than in the fifty or more county seat elections and county division contests that have taken place within the state. Contesting delegations many of them from each county have gone to the governor's office where Mr. Smith in his advisory capacity met them and discussed the situation. And there has never been a single delegation that left the governor's office that would not say that it got an honest hearing a fair deal and capable and technical advice.

In his candidacy for the position of attorney general Mr. Smith asks for the place solely upon his merits and upon his record as attorney to the governor. He believes that he can render good service to the people of Oklahoma and his work in his present position adds to the strength of his statement. He is 44 years of age and seven of those were spent in Guthrie where he has been an active and aggressive democrat much of the time when democracy in that section spelled predestined defeat.

Without preference expressed as to the candidacies between democrats it can be stated without reservation that Mr. Smith is competent to fill the high place to which he aspires both as to ability and integrity.—Adv

16 BURNED TO DEATH IN WINDY CITY FIRE

EMPLOYEES OF CHICAGO FIRM ARE TRAPPED IN SLEEPING MASS OF FLAMES.

In Filling Cigar Lighters Explosion Occurs—Others Still Missing.

Chicago, March 25.—Search of the wreckage for the remaining bodies of those who lost their lives in the Fish Furniture company fire here today, was discontinued from danger of tottering walls, but not until twelve dead had been recovered and eleven of these identified.

While earlier estimates placed the number of victims trapped on the fourth and fifth floors of the building as being twenty, later and more thorough investigation indicates there were but sixteen. Two of these escaped with their lives, but two more are to be accounted for.

Walls Dangerous.
 The search was abandoned for the day on the report of Chief Building Inspector Short, who declared that three of the walls were in a dangerous condition.

A coroner's jury which was impaneled this afternoon, viewed the bodies at the morgue, but the inquest was postponed until April 2.

Lee Stoeckel, a clerk of the Fish company, who is said to have started the fire, told his story to Fire Attorney Frank Hogan this afternoon. Although Stoeckel who is but 20 years of age, is admittedly more fortunate than culpable Attorney Hogan says he will bring some charge against the young man to insure his attendance at the inquest.

How the Fire Started.

Stoeckel was brought before the fire attorney with his hand which had been burned, swathed in bandages. He appeared heart-broken and told his story with difficulty.

About 8:45 o'clock this morning, Stoeckel said, Mr. Mitchell, who is a member of the firm, gave me three pocket cigar lighters and told me to go to the fourth floor and fill them with benzine. I had filled two of the lighters out of the five gallon can and was working on the third when there was an explosion.

A sheet of flame almost blinded me. I did not fully regain my senses until I had reached the street. The lighters contained a contrivance to make a spark but whether I ignited one of them or not I don't know. I either dropped the can of benzine when the flame shot up in front of me or it was blown out of my hands.

Those Known Dead.

Following is a list of the identified dead: Darlington Harry, aged 40, painter; Anderson Ethel, aged 13, stenographer; Bell, minor W., advertising manager; Wureke Rosie, aged 17, stenographer; Burden Mrs. Hannah, aged 70, widow; foreman folding

department, Sullivan, Lillian, aged 18, folder; Green, William, aged 24, clerk; Lichtenstein, Ethel, age 18, stenographer; Mitchell, Harry M., auditor of the company, member of firm, brother-in-law of Simon Fish; McGrath, V., age 18, stenographer; Quinn, Gertrude, age 20, folder.

The missing, Wargo, Mary, age 20, folder, St. Clair, Bert, age 23, confidential clerk. Three others whose names could not be learned, are also reported among the missing.

Sweetheart Found Dead.
 One of the bodies was identified by Florence Sullivan as that of her sister Lillian. She said she recognized a shoe taken from one of the bodies which had been worn by her sister, Florence, who is 13 years of age and a switchboard operator, might easily have shared her sister's fate. She was to have gone to work for the Fish company at noon, taking the place of another girl.

Alexander Bush, a street car conductor, identified one of the bodies as that of Rosie Brunke, whom he was to have married on Easter Sunday. He recognized her through the engagement ring.

An investigation is to be made as to the fire escapes on the Fish building. A subordinate official of the fire department tonight made public a letter he had written last August to the fire chief in it he gave a list of buildings, among them the Fish structure, which he said were in need of fire escapes. Referring to the Fish building, he said it is 'heavily loaded with inflammable material.' The fire department asserts this letter was forwarded to the building department, but no record of it was found in the latter place.

Call for Meeting of Democratic Committee.

The Democratic Central Committee is hereby called to meet at Ada, Saturday April 2nd. It is very important that all members be present as there are important matters to be acted upon, including the election of a chairman to fill the vacancy caused by the resignation of Geo. Thompson.

SPECIAL ATTRACTIONS AT DESOTA

The press of the last 3 cities played by A. R. Ableman's Talking Picture Co., thus commented on their departure. "The people of Okmulgee rejoice that these talented people are to play us a return date." "The best and cleanest entertainment our opera house has presented this season" and "could have packed the theater a month longer. The show was better each night" This is indeed praise after a company has left town and this company will be seen and heard at the Desota theater next Monday, Tuesday and Wednesday in a select series of up to the minute Association talking, motion pictures. Do not get the impression that this is the so-called graphophone talking pictures which was always a failure, as it is a company of first class actors who talk the pictures behind the screen. It is a guaranteed attraction and will beyond doubt receive liberal patronage, particularly as there is no advance in prices.

THE BOYS ARE INTERESTED.

Several Corn Clubs Have Been Organized With Others to Follow.

Reports from various parts of the county say that the boys have organized corn clubs and will compete for the splendid prizes to be distributed this fall.

County Superintendent of Public Schools Pierce has been notified of the organization of clubs at Fitchburg, Ahlsoe and Maxwell. Others will be reported a little later. Prof. Pierce received a shipment of seed corn yesterday from the agricultural experimental station to be distributed among the members of the clubs, and the instructions for growing will be of material assistance in bringing about the best results. It appears that the country is now bordering upon a corn age, when a stalk will be made to bear two ears where one formerly grew.

Every possible aid should be extended the boys in their efforts to make better farmers than their parents.

Famous Missionary.

Miss Ellen Stone, the famous missionary will lecture at the Methodist church Thursday, March 31. Miss Stone's fame is world-wide, she being the missionary who was captured some years ago, by the Turks and held captive in Macedonia for six months until the United States paid a large ransom for her freedom. She will tell her own story—it will be a great privilege to hear this grand woman. If it is possible for her to arrive in time, a reception will be given her at the Methodist church parlors, they being the most spacious quarters in which to accommodate the large number of people who will take advantage of this opportunity to meet her.

The people of Ada will no doubt entertain her as royally and be as enthusiastic in regard to her coming as Oklahoma City and Dallas where she has recently lectured.

STREET PAVING.

Active Work Was Begun This Morning.

Active work was begun on the street paving contract this morning. The first ground broken was in Townsend Avenue and from there the men and teams were transferred to Broadway. It is the intention of the contractors to have fifty or more men engaged on the work next week. The work is to be pushed as rapidly as possible to completion, and the citizens of Ada will hail with delight the day when the work is done.

Ada Social Events

One of the prettiest parties of the season was one given Tuesday evening by the 500 ladies, to their husbands.

The pretty Tobin home was artistically decorated for the occasion, and after a late hour a delicious two course luncheon was served to Messrs. and Mesdames Will Mays, Geo. Kice, Barney, I. M. King, Austin, Drummond, LeFevre, Frierson, Tobin, Rodarmel, Misses Epperson, Mason, Downs, of Louisville, Ky., Teague, of Longview, Tex.; Messrs. Epperson, Beck, M. M. Bailey, of Paris, Tex., Ed Haraway, Evans; Mesdames Hart and Higgins.

Mrs. R. E. Blanks was hostess to the Silver Thimble Club last Tuesday. While the ladies were busy with their work, Mrs. Meyer entertained them by reading to them a beautiful story. Mrs. Blanks served refreshments and the occasion was a very pleasant one to the guests. The next meeting will be with Mrs. Sears.

The Mothers' Club on East side are doing some splendid work which will be of much benefit, comfort and pleasure to the children who are in that school. They have adopted the plan of using individual cups for the children, and last week they planted 100 trees on the school grounds.

The Kill Kare Klub were beautiful.

GREAT DAY OF SPECTACLES

Former President Evinces Great Interest in Methods of Ancients

Cairo, Egypt, March 25.—Up with the sun today, after a festive night in the Mena House, Col. Roosevelt and his party were early astir in preparing for a visit to the necropolis of Sak Kara, where are the wonderful tombs of various kings, of Thy and of the Apis bulls. The portion of last night was spent in viewing the sphinx by moonlight, and Col. Roosevelt said today it was the most interesting thing he had seen during his trip to Africa.

Tonight Col. Roosevelt and his family returned to Cairo, dined with the American consul general, Lewis M. Redding, and later attended a banquet tendered him by Sir Eldon Gorst, the British agent, and consul general in Egypt.

Take Camel Ride.
Major F. K. Watson, pacha, aide-de-camp to the Khedive, was an early caller at the Mena House today. He tendered to Col. Roosevelt the use of the khedive's special camel corps for the eight-mile ride across the desert to Sak Kara. Such a tender always is a special mark of favor. The colonel and Kermit each rode one of the animals over the dreary waste to the necropolis, but Mrs. Roosevelt and Miss Ethel chose a more comfortable sand-cart.

Arriving at the tombs of the bulls of Apis, the oldest of which dates back 1500 B. C. the time of the reign of Amenophis III, the sightseers were met by an archaeologist, who acted as their guide. With lighted candles the Americans entered the dark caverns and looked with interest upon the huge sarcophagi. Col. Roosevelt evinced great curiosity in the methods used by the ancient Egyptians and pried the Egyptologist with questions. One sarcophagus was opened and lighted candles were lowered into it in order to show how the mammoth bulls were lowered in to their final resting places.

Joined by Strauss.
The party proceeded to the temples of the tomb of Thy, a pharaoh who lived in the Fifth dynasty, but who was so esteemed that he was permitted to marry a princess. Here Col. Roosevelt and his family were joined by Oscar S. Strauss, the American ambassador to Turkey, and Mrs. Strauss, Mr. Redding and Miss Redding.

On the walls of the tomb of Thy are various sculptures and paintings, which, though they were executed some 2500 B. C. still are legible. Col. Roosevelt with his usual keen perception pointed out to the archaeologist the pictures of various animals he had seen lately in the jungle but which are extinct in upper Egypt. He declared the fact that they were reproduced in the tomb of Thy was proof that the animals once had roamed this country.

Moving Picture Men There.
From the temple Col. Roosevelt and his party repaired to the home of the archaeologist, where they stopped for refreshments. Between the temple and the archaeologist's home, Mr. Roosevelt insisted on walking ahead of his party, the members of which had a hard struggle to keep up with the pace. The privacy of the movements of the Americans was invaded during their tour by a moving picture man who focused his machine upon them and rolled off yard after yard of films.

Colonel Roosevelt dominates the thoughts of all Cairo. Everyone is watching his movements and his sayings are of intense interest.

The hotels here never before were so crowded. Among the arrivals today were Prince Etzel Frederick, son of the German emperor, and Wu Ting Fang, former Chinese minister to the United States, who is on the way home. Mr. Wu hopes to see Col. Roosevelt before he departs. Americans are everywhere to be seen in Cairo. Three hundred of them who are on tour today sent an address of welcome to Colonel Roosevelt congratulating him on his safe return to civilization. Colonel Roosevelt will hold a reception tomorrow morning for the Americans and thank them for their kind expressions.

STRAIN TOO GREAT.

Hundreds of Ada Readers Find Daily Told a Burden.

The hustle and worry of business men, The hard work and stooping of workmen, The woman's household cares, Are too great a strain on the kidneys, Backache, headache, sideache, Kidney troubles, urinary troubles follow.

An Ada citizen tells you how to cure them all. E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend

Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work. In fact, found it difficult to walk. Dull, nagging pains through my joints also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Just a Word to The Front Row

If every man and woman would begin now to use Newbro's Herpicide and teach the children to use it, the front row of the next generation would not be bald headed, and none of the ladies would be wearing false hair.

Falling hair means trouble. The dandruff germ is there and will in a short time ruin the best head of hair that ever grew. Too many people, finding they need a hair remedy, allow themselves to be duped into buying and using something said to be just as good or very much like Newbro's Herpicide. Why do they? Such a remedy is but an imitation, a substitute. Herpicide is the original dandruff germ destroyer. Insist on having genuine Herpicide and take nothing else.

Newbro's Herpicide Saves The Hair

The results from the very beginning are often astonishing. The hair will cease to fall and instead of being dull and dead, takes on the sparkle and luxuriance of true hair beauty. Herpicide possesses a delicate fragrance which appeals strongly to persons of taste and refinement. The Herpicide Co., Dept. L, Detroit, Mich., will send a nice sample and booklet to any address upon receipt of ten cents in stamps or silver. One dollar bottles are sold and guaranteed by all druggists. Applications may be had at the better barber shops and hair dressers.
